PROCUREMENT POLICY

1. PURPOSE

- 1.1 This procurement policy ('policy') is made in accordance with section 108 of the Local Government Act 2020 (the 'Act').
- 1.2 The purpose of the policy is to:
- 1.2.1 Apply best practice procurement principles in order to:
- a) Achieve value for money and continuous improvement in the provision of services for the community;
 - b) Ensure Council resources are used efficiently and effectively to improve the overall quality of life of people in the Golden Plains Shire community;
 - c) Achieve compliance with relevant legislative requirements;
 - d) Achieve high standards of fairness, openness, probity, transparency, risk management and accountability;
 - e) Minimise the cost of preparing tender, quote or other submissions for potential suppliers.
- 1.2.2 Establish the principles, processes and procedures applying in respect of the purchase of goods and services by Council, including:
- a) The contract value above which Council must engage in a public tender or expression of interest process and the process to be undertaken in doing so;
 - b) The conditions under which Council may purchase goods or services without public tender or expression of interest;
 - c) The criteria to be used by Council to evaluate whether a proposed contract provides value for money;
 - d) How Council will seek to collaborate with other Councils and public bodies in the procurement of goods and services.
- 1.2.3 Implement the principles of social and sustainable procurement in order to promote the economic, social and environmental sustainability of Golden Plains Shire.
- 1.3 This policy has been developed with reference to the Victorian Local Government Best Practice Procurement Guidelines and Social Procurement: A Guide for Victorian Local Government.

2. SCOPE

- 2.1 This Policy will apply to all Councillors, Council employees and all persons engaged in procurement on Council's behalf.

PROCUREMENT POLICY

- 2.2 This Policy applies to the purchase of all goods, services and works obtained, ordered, purchased, or otherwise acquired by or on behalf of Council.

3. POLICY STATEMENT

- 3.1 Council is committed to transparent, ethical and accountable procurement, in order to promote open and fair competition and provide best value for money on behalf of the Golden Plains Shire community.
- 3.2 Council will apply the following best practice principles in every procurement, regardless of value or complexity:
- 3.2.1 Value for money;
 - 3.2.2 Open and fair competition;
 - 3.2.3 Accountability;
 - 3.2.4 Risk management; and
 - 3.2.5 Probity and transparency.

4. PROCUREMENT PRINCIPLES

4.1 *Value for money*

- 4.1.1 Council will seek to achieve value for money in all procurements. Value for money refers to the achievement of the best possible procurement outcome at the best possible price with reference to financial and non-financial criteria relevant to the procurement.
- 4.1.2 Value for money does not necessarily refer to the lowest price procurement. The Victorian Auditor-General's Office has defined value for money as the optimum combination of quality, quantity, risk, timeliness and cost on a whole-of-contract and whole-of-asset-life basis.¹
- 4.1.3 Factors that may be considered in determining whether a procurement represents value for money include:
- a) Whether the procurement advances the Council's priorities, including the objectives contained in the Council Plan;
 - b) Whether the goods, works or services being procured are fit for purpose;
 - c) The quality of the goods, works or services being procured;
 - d) The service and support provided in conjunction with the goods, works or services being procured; and
 - e) Whole-of-life costs and transaction costs associated with acquiring, using, holding, maintaining and disposing of goods, works or services.

- 4.2.3 Council will ensure that all procurement processes are undertaken without bias (whether actual or perceived) and that all prospective suppliers are approached and assessed genuinely, on the merits of their proposal and with an open mind.

4.3 ***Accountability***

Councils may access contracts created by alternate aggregators at any time (MAV Procurement, Procurement Australia, State Government, council/s, public bodies, agents or authorities) unlike a one-off collaborative procurement activity.
<i>Contract management</i>	The process that ensures all parties to a contract fully meet their respective obligations as efficiently and effectively as possible, in order to deliver the contract objectives and provide Value for Money.

<i>Tender Process</i>	The process of inviting parties from either a select list or via public advertisement to submit an offer by tender followed by evaluation of submissions and selection of a successful bidder or tenderer in accordance with pre-determined evaluation criteria.
