LETHBRIDGE SKATE PARK UPGRADE

Open until 5pm, Monday 24 February

SHARE YOUR VISION FOR LETHBRIDGE SKATE PARK

Council is excited to announce plans to revitalise the existing skate park located at the Lethbridge Active Youth Space.

This project aims to ensure the skate park continues to meet the needs of the community for years to come, with Council inviting community members to share their priorities and aspirations for the skate park upgrade.

The proposed upgrade to the Active Youth Space will deliver a range of improvements,

including upgraded skate park facilities, multi-use area, seating, shade/shelters, drinking fountain, improved path networks and landscaping. The skate park upgrade will complement the brand-new play space which is now open to the community.

Council hosted an in-person workshop at the existing skate park on Wednesday 19 February. Those who missed the workshop can provide feedback on the proposed skate park upgrade by completing an online survey which is open until 5pm, Monday 24 February 2025.

Feedback will inform the development of initial concept designs. For more information and to complete the survey, visit goldenplains.vic.gov.au/consultations.

2025/26 DRAFT BUDGET SUBMISSIONS WELCOMED

Golden Plains Shire Council is currently accepting submissions to inform the development of the 2025/26 Budget.

Council has brought forward the community engagement process this year to enable the consideration of community budget submissions. An important part of the budget preparation process is to ensure the community has an opportunity to help shape the budget by lodging a budget submission.

When preparing recommendations for the budget, all submissions are considered while also taking into account Council's projected revenue, existing commitments, strategic priorities and community needs.

For more information on making a budget submission, visit goldenplains.vic.gov.au/consultations.

Council will hold a meeting at the Golden Plains Civic Centre on Tuesday 1 April 2025 to hear budget submissions.
