

GOLDEN PLAINS SHIRE COMMUNITY PLANNING

GET INVOLVED IN COMMUNITY PLANNING MEETINGS

Inception meetings for the next round of Community Planning will happen over the coming weeks for Enfield, Smythesdale, Barunah Park, Ross Creek/Smythes Creek and Napoleons.

Council is currently seeking Expressions of Interest from residents and community groups in these areas to participate in Community Planning, which provides towns in Golden Plains Shire a framework to identify and prioritise projects for their local community and include these projects in a four-year plan.

Through a series of surveys, interviews and public meetings, Community Coordinators will actively engage with local residents to gather valuable insights and preferences. This will help define priority projects for the Community Plan which enables coordinators and volunteers to implement projects such as minor upgrades to local infrastructure, advocacy projects and support for community groups.

PROPOSED LETHBRIDGE TELECOMMUNICATIONS TOWER SITE LEASE

Golden Plains Shire Council is inviting the community to provide feedback on a proposed lease for a new site located at Ackland Road in Lethbridge, a crucial step in improving connectivity within the region.

The lease is being negotiated with a private provider, with community consultation required under the *Local Government Act 2020*.

The project is in the early stages and to begin detailed project planning the private company needs to secure a lease for land. The land in Ackland Street (adjacent to the rail reserve) has been identified as a suitable location.

Feedback is welcome from Thursday 27 March to 9am, Thursday 17 April 2025.
